[UBC Future Global Leaders](#)

The Future Global Leaders program is designed for high school students ages 15-18 who want to get a head start on their futures. This intensive program helps students develop the critical skills required for success in an academic and professional environment and encourages them to aspire to be leaders in our increasingly global world.

You choose from eight two-week courses and have the option to stay in a UBC campus residence during the program or commute to campus daily.

Deadlines for applications are:

- *Residential Option: April 30, 2017*
- *Non-residential Option: June 15, 2017*

[Quest University](#)

If you're looking for an interesting academic experience for the summer, take a look at the Quest University Summer Scholar Program. Summer Scholars are one-week summer programs for exceptional high school students. Students can apply to come for one or more weeks. Classes are taught by Quest faculty in the mornings. In the afternoons and evenings, students participate in workshops, outdoor recreation, and other activities to develop leadership and communication skills.

Registration: on-going

[University of Toronto's Youth Summer Programs](#)

The University of Toronto's Youth Summer Programs (YSP) bring together two of Canada's foremost faculties, the Faculty of Law and the Faculty of Medicine, to offer a summer program for high school students who wish to experience what it is like to be a student at Canada's top Medical and Law Schools.

The Med YSP offers an exclusive glimpse into the world of medicine and medical research, while the Law YSP introduces the legal system and a variety of legal concepts. The YSP are held in July and August on the University of Toronto's downtown campus, and range in length from one to six weeks.

Registration deadline: May 15, 2017

[Helix Summer Science Institute](#)

Helix is designed to be intense and academically rigorous. Students will study advanced topics in science and applied mathematics that draw upon the research strengths of the Faculty of Science at York University. Students will be guided through cutting-edge interdisciplinary topics through a series of lectures, hands-on workshops, experiments, demonstrations, and field trips. Courses are developed and delivered by professors, post-doctoral fellows, visiting scholars, and graduate students. Admission to Helix is through a competitive process. Students must complete an online application, provide a personal statement of interest, teacher letter of reference, and a recent transcript/report card.

First round application deadline: May 1, 2017

Second round application deadline: May 31, 2017

After June 1, 2017 applications will only be accepted and reviewed on a rolling basis and subject to space availability.

[Ivey Summer Leadership Program](#)

Are you looking for another opportunity to explore new learning experiences with high-achieving peers? Peers who will challenge you to see things from many perspectives? The Ivey Business School at Western University has designed a summer experience that will challenge you and build on your leadership potential. You will experience fast-paced learning and development with Ivey faculty, speakers and team projects. Experience the difference learning with cases makes as you work in teams and tackle challenging topics.

The Ivey Summer Leadership Program is an intensive nine-day residential summer enrichment program for students in grades 10 and 11 from diverse backgrounds. It offers an ambitious curriculum of academics, collaborative projects and recreational activities.

Program Dates: August 1 -10, 2017

Application Deadline: March 17, 2017

United States

[Camp Psych, Gettysburg College](#)

Camp Psych, an academic summer program focused on psychology, will be held from July 9 – 14, 2017, at Gettysburg College. The goal of Camp Psych is to provide a **window into how psychological science works**. What are some of the major questions investigated by psychologists? Campers will get hands-on experiences that introduce them to research in psychology in a fun, challenging, and engaging environment. Campers will not simply learn about cutting edge issues and research in psychology; they will **engage in research themselves**. Perfect for students interested in psychology, this camp gives students an insider view of the field as well as **preparation for college studies**.

Registration: on-going

[UPenn's Leadership in the Business World](#)

Leadership in the Business World (LBW) is a four-week summer program running from July 3 – 30, 2016. This is an intensive summer program for a select group of rising high school seniors who want an introduction to a top-notch undergraduate business education and the opportunity to hone their leadership, teamwork, and communication skills. LBW offers opportunities to learn about leadership in 21st century organizations through a dynamic and rigorous mix of classes with Wharton professors and business leaders, company site visits, and team-building activities.

Application deadline: February 3, 2017

[USC Summer Programs](#)

USC Summer Programs offers high school students a preview of “freshman year” through **4 or 2 week** college immersion experience. Their courses are interactive, engaging and challenging, and students receive **3 units of transferrable USC elective credit** upon successful completion of the **4-Week** program. Students can choose from over 20 courses in the following subject areas: Architecture, Business, Engineering, Global Studies, Journalism, Performing Arts, Pre-Health/Science, Pro-Law, and Writing.

[UC Berkeley Academic Talent Development Program 2016](#)

ATDP, administrated by the Graduate School of Education for the past 34 years, is the official program of **UC Berkeley** that provides opportunities for academically talented high school students to seek academic advancement beyond their current curriculum and to promote their college readiness. ATDP not only is a renowned talent program among universities and colleges in the U.S. but also directly referenced under the online college application platform of the entire University of California system as an authorized academic program.

Deadline for registration: March 1, 2017

[International Pre-Collegiate Program at UC, Berkeley](#)

Polychrome International Education (DBA: Sesame Consulting) is proud to present our International Pre-Collegiate Program (IPCP) at UC Berkeley. Students who enroll in this program will be given the chance of their lifetime to study, travel, and have fun at UC Berkeley, the number one public university in the United States. Our selective program attracts students who are eager to experience a true university environment. Students will have the opportunity to take undergraduate courses and earn UC Berkeley academic credits. Besides going to class, students will also attend information sessions on the college application process, engage in sightseeing activities all around the San Francisco Bay Area, and will experience lifelong learning.

1) The International Pre-Collegiate Program (IPCP)

The IPCP is a credit program, which offers hundreds of UC Berkeley college level courses including but not limited to economics, math, psychology, history, and art. We offer two sessions for students to choose. The credits that are received through this program are transferable to any of the universities in the US. During the summer sessions, the students will have a chance to enjoy weekend activities with other high school students and mentors from UC Berkeley and other school in the US. These activities include, places in San Francisco Bay Area and Los Angeles.

2) English as a Second Language (ESL)

The ESL program is a uniquely designed program for students who want to improve their English skills and want to further explore American culture and values at a University. This program will assist students in prepping for different tests in order to enroll at American Universities. It will include different topics such as English in engineering, business speaking, and more. Students will receive a certificate when they complete the program.

Deadline for registration: April 28, 2017

California College of the Arts – Summer English

For international high school students ages 15-17 who have just completed the 10th, 11th, or 12th grade

This unique summer program is designed for international high school students who would enjoy spending three weeks in the San Francisco Bay Area while developing their English language and studio skills. Participants work closely with faculty to complete and document studio projects for their college-admissions portfolios; they also receive guidance on developing college application essays.

Deadline for registration: March 24, 2017
